Honeywell Home logo overview

Logo versions	Clear space	Minimum size print	Minimum size digital
Use the four-color CMYK version of the logo for process or digital print applications. Use the PMS version of the logo for offset print applications where spot color printing is available. Use the RGB version of the logo for web or Microsoft Office applications.	Clear space is equal to the "H" in "Honeywell." 	 2" wide	 200 pixels wide
		 1.25" wide	 120 pixels wide

Usage guidelines

- Use the positive versions when the logo appears on white.
- Use the gray logo on products only.
- Use the reverse logos on black backgrounds.

Notes:

- Reverse artwork is shown on a background for demonstration only.
- Never extract artwork from this PDF file or alter the final artwork. Always use approved logo artwork.
- Clear space has been built into the logo files. Sizes indicated refer to the width of the actual artwork and do not include the clear space.
